REP GERMANY**

Pressure-sensitive systems suitable for additional printing using one or more of the following combinations of thermal transfer printers and ribbons or laser printers and toners as specified:

Printer/Ink Combinations

1. Armor "AXR7+", Astro-Med "RY", Iimak "SP-330", Ricoh "B110C", "B110CX", Sony "4070" and "Signature®Series Resin" thermal transfer ink and thermal transfer printing equipment.

Pressure sensitive systems:

"8000FB3M" printed label stock and printer/ink combination 1.

The labels are removable intact. Affixed to acrylonitrile butadiene styrene (ABS) plastic and polycarbonate plastic, maximum temperature 60 C (140 F), minimum temperature -40 C (-40 F). Suitable where exposed indoors to high humidity or occasional exposure to water.

Marking: Company name, label designation and Recognized Component Mark on packages of labels. Company name and product designation on packages of ink.

See General Information Preceding These Recognitions.

For use only in equipment where the acceptability of the combination is determined by Underwriters Laboratories Inc.

Report: November 17, 1998.
